Modelling is becoming more and more important, but we are (at least, I am) a bit exhausted.

So, most of us, I believe, would expect WMAC to

©2006, Alice Gerschler

Traffic control

- Advisory for diet/coordination
- Providing an overview (also to "users")
- Promotion of feedback to modeling groups
- Try providing an opportunity for inter-group get-together?

Help tackle new challenges?

WMAC should make modelling groups happier 🙂
