

Water Cycle in a 1.5°C warmer world: interdisciplinary approaches

Joint Early Career Researchers Workshop

December 7th, 12.30-18.00, San Francisco, USA
Location: Hyatt Regency San Francisco Embarcadero

Organised by: APECS, YESS and YHS

Supported by: WCRP & AGU, and under the auspices of the WCRP Climate Science Week*

Workshop programme

12:30-13:00	Registration of participants
13:00-13:20	Introduction to the workshop and the ECR Networks (YESS, YHS, APECS)
13:20-13:40	<i>"Introduction to WCRP, its new strategic plan and future directions"</i> By Prof. Dr. Detlef Stammer, Chair of WCRP Joint Scientific Committee (JSC)
13:40-14:40	Expert presentations by senior experts in line with the three workshop working groups (WG): WG 1). <i>Fundamental Science: Interactions and feedbacks</i> By Dr. Irina Sandu, ECMWF WG 2). <i>Near-term predictions to projections and future evolution: Uncertainties</i> By Dr. Markus Donat, Barcelona Supercomputing Center WG 3). <i>Impacts and implications for Society</i> By Dr. Ellen Bruno, University of California, Berkeley
14:40-15:00	<i>Coffee break</i>
15:00-16:15	Break-out session to discuss working group topics (in parallel) WG 1). <i>Fundamental Science: Interactions and feedbacks</i> WG 2). <i>Near-term predictions to projections and future evolution: Uncertainties</i> WG 3). <i>Impacts and implications for society</i>
16:15-16:35	Present outcomes of the break-out sessions to all participants
16:35-16:50	Formulate key messages/outcomes for WCRP symposium, including: 1) How our research can be integrated into the new WCRP Strategic Plan, and 2) How can the various ECR networks interact and collaborate more/better
16:50-17:00	Closing of workshop
17:00-18:00	<i>Social event, drinks & bites served</i>
