Travel to Hamburg

Hamburg International Airport has very good connections to and from anywhere in the world. It is located 5 km northeast of the city center. Connection to City center is by rapid transit S-Bahn (Line 1 to main train station), airport bus or taxi:

Institute für Meereskunde, CEN

Transit S-Bahn S1: Avoid the stress of traffic and parking in the city centre by taking the direct S1 connection from the Hamburg Airport terminals to the city centre. The rapid transit S-Bahn line S1 will take you to city centre punctually, reliably and conveniently in just 25 minutes. Trains depart every 10 minutes. The S21 and S31 trains take three minutes to get from the Main Station (Hauptbahnhof) to Dammtor Train Station (main campus). From there it is about 10 minutes walk to the Bundesstraße 53. The one-way ticket costs 3,20 € single.

By Bus: The 4, 5 buses go directly from the Dammtor Train Station to the University (bus stop: "Dammtor (Messe/CCH)").
