

**Working Group on Seasonal to Interannual Predictions
17th session**

SMHI, Norrköping, 13-14 Sept 2015

Agenda as of 9 Sep 2015

NB All briefers are kindly asked to allow time for discussion in their allocated slots, and to raise any specific issues to be addressed by WGSIP

<i>Time</i>	<i>Agenda Item</i>
<u>Sunday 13 Sept 2015</u>	
1. Introduction – Co-chairs A. Scaife and F. Doblas-Reyes	
08h30	a. Welcome, introductions, objectives of the meeting and approval of the agenda – WGSIP Co-chairs
08h45	b. Welcome address – SMHI (R. Doescher)
08h55	c. Local arrangements - SMHI
09h00	d. WCRP JPS update – M. Rixen
09h10	e. Review of WGSIP16 actions – F. Doblas-Reyes
09h30	f. JSC36, Grand Challenge and WMAC4 updates - A. Scaife
10h00	g. Revised mission and name for WGSIP – F. Doblas-Reyes
10h30	<i>Coffee break & group photo</i>
2. WGSIP Projects – A. Scaife	
Briefers are invited to include a review and progress to date as well as specifics on planned joint analysis with the aim to agree on multimodel diagnostics and timescale	
11h00	a. Drifts and shocks – W. Merryfield, M. Tolstykh
11h30	b. SNOWGLACE – J.-H Jeong and Y. Orsolini
12h00	c. Teleconnections – L. Ferranti, A. Scaife
12h30	d. Discussion - all
13h00	<i>Lunch</i>

3. Modeling centers update – F. Doblas-Reyes

Briefers are invited to focus on updates since the last session and to cover Global Producing Centres and Lead Centres matters as applicable

14h00	a. CIMA – R. Saurral
14h10	b. CNU/Korea – J.-H. Jeong
14h20	c. ECMWF – L. Ferranti
14h30	d. Environment Canada - W. Merryfield
14h40	e. IC3 – F. Doblas-Reyes
14h50	f. ICTP – A. Tompkins
15h00	g. INM RAS – M. Tolstykh
15h10	h. IRI - A. Robertson
15h20	i. JMA/MRI - T. Yasuda
15h30	<i>Coffee break</i>
16h00	j. JAMSTEC - S. Behara
16h10	k. NCEP - A. Kumar (remotely)
16h20	l. NMME – A. Kumar (remotely)

4. Decadal Climate Prediction Project – A. Scaife

16h30	a. The Decadal Climate Prediction Project – G. Boer
17h00	b. Grand Challenge on Decadal Prediction – A. Scaife
17h30	c. Discussion - all
18h30	<i>Ice-breaker</i>
20h00	<i>No-host dinner downtown</i>

Monday 14 Sept 2015

5. CBS/CCI/CaGM links – F. Doblas-Reyes

08h30	a. Introduction to CCI and Global Seasonal Climate Update – A. Shimpf
09h00	b. Subseasonal Forecast Exchange and ET-OPSLS update – L. Ferranti
09h30	c. Ultra-high resolution prediction for temperature and precipitation - application to early warning, S2S prediction and climate changes for a limited area – Jaiho Oh

3. Modeling centers update (continued) – A. Scaife

Briefers are invited to focus on updates since the last session and to cover Global Producing Centres and Lead Centres matters as applicable

10h00	m. MeteoFrance - M. Deque
10h10	n. NILU - Y. Orsolini
10h20	o. SNWS (ANACIM) - O. Ndiaye (remotely)
10h30	<i>Coffee break</i>
11h00	p. UKMO - A. Scaife
11h10	q. Discussion - all

6. Science talks – F. Doblas-Reyes

11h30	a. European projects – SPECS, EUPORIAS, EUCLEIA – F. Doblas-Reyes/ A. Scaife
11h50	b. Initial shocks – L. Terray
12h10	c. Biases in seasonal forecasts – J. Shonk
12h30	d. Using S2D data to predict spring flood volumes in selected Swedish rivers. - Kean Foster
13h00	<i>Lunch</i>

7. Dissemination and related initiatives – A. Scaife

14h00	a. Polar Prediction Project (PPP) and potential WGSIP contribution to the Year of the Polar Prediction (YOPP) – F. Doblas-Reyes
14h20	b. Subseasonal-to-interannual Predictions (S2S) project – A. Robertson
14h40	c. CHFP database, Earth System Grid Federation and obs4MIPs requirements – F. Doblas-Reyes, R. Saurral
15h00	d. Copernicus Climate Change Services (C3S) – L. Ferranti
15h15	e. Summer school – O. Ndiaye (remotely)
15h30	<i>Coffee break</i>

8. WGSIP Business – Co-chairs A. Scaife and F. Doblas-Reyes

16h00	a. Proposal for new WGSIP name
16h30	b. Next session
16h40	c. Memberships
16h50	d. Review of Draft actions list
17h30	<i>Meeting ends</i>
